Hi Francesca,

Attached is a table that has summaries (Agency_DSO_Summaries) of what document for each of the major agencies contains information about DSO (if any), when that document was published, what format the publication is and a summary of what they say about DSO (again, if anything).

The longer document (Agency_DSO_Sci_Content) has specific text that was pulled from these respective documents, in case you want to refer to wording from any of the agencies in particular. Additionally, I'm attaching the UCS document that I used to direct my search for this information (they pretty much did the same thing, but I wanted to find the actual text from the policies that they were referencing). Hope this is helpful!
